

## We're Moving

We've outgrown our current offices and are moving back to where Equity began in 2003. Please forgive us if we are temporarily indisposed on Friday January 20th through Monday January 23rd while we transition to the new offices. If there is something critical that you are planning on for these days, please let us know as soon as possible.

Fortunately the only thing that will change is our street address. Our telephone/fax numbers, extensions, and e-mail addresses will remain the same.

Please feel free to stop by and see our new surroundings and look for our upcoming Open House.

Sincerely,

Peter Jaran, LSRP  
Equity Environmental Engineering LLC

### Move Date:

**We'll be moving on  
January 20, 2012 and in  
our new space on
